

Author Resources

Annals

The literature as the evidence base, integrative reviews with a point of view that set the agenda for future research.

Collections (AMC)

Carefully-curated collections. An AMC collection includes 5-10 articles selected by the curator(s) from the AOM archive, with the original essay.

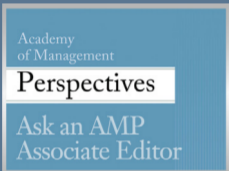

Review (AMR)

Conceptual research. Theory advancement or development to significantly add to or inform new theoretical conversations.

Discoveries (AMD)

Empirical based, data-driven insights informing down-the-road theorizing in management and organizations.

Perspectives (AMP)

Evidence-based discourse. Perspectives on emerging evidence, implications of management research for public policy.

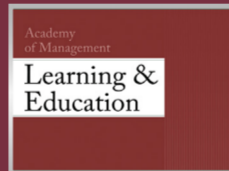

Inside Organizations (AMIO)

The journal for open-access scholarship illuminating how organizational actors think, feel, act, interact, and change within organizations.

Organizations and Their Environments (AMOE)

The journal for open-access empirical, theoretical, and perspective-based work examining the interplay between organizations and their macro environment.

Learning & Education (AMLE)

Empirical and conceptual. Theory-driven research about management education, management learning and b-schools.

Journal (AMJ)

Empirical based, source of new knowledge that tests, extends, or builds management theory.
